

## **Guideline 20-2010 -- Documenting HVAC&R Work Processes and Data Exchange Requirements**

This Guideline defines methods for documenting use cases and data exchange requirements related to HVAC&R activities involving equipment, systems, design services, and other services over the lifecycle of capital facilities. Use case documentation will employ domain expert terminology and a consistent format to facilitate review and adoption by industry participants. The Guideline also outlines procedures for Web-based management of use cases to support development of formal data definitions and implementation in HVAC&R industry software.
