

## **Standard 24-2009 -- Methods of Testing for Rating Liquid Coolers (ANSI Approved)**

This standard prescribes methods of testing for rating liquid coolers. In order to accomplish this, it classifies liquid coolers as to type, lists and defines the terms suggested for rating liquid coolers, and establishes methods of test that shall be used as a basis for obtaining ratings of liquid coolers.

Keywords: Liquid Coolers, Refrigeration Capacity, Heat Removal, Refrigeration

Units: Dual
